

GIFT ACCEPTANCE POLICY

As part of LOGI's policy of maximum financial transparency it is making available to the wider public its contribution and gift acceptance policy below, in addition to all other financial and administrative activities which can be accessed on its website.

CONTRIBUTION AND GIFT ACCEPTANCE POLICY

LOGI's commitment to transparency, accountability and good governance means that it shall solicit and accept direct philanthropic support that is aligned with its mission, upholds its core values and maintains its reputation and independence. Programs and activities, including writing, research, publications and advocacy, whether directly or indirectly supported by donor partners are not influenced by any contribution or gift.

LOGI shall decline philanthropic support if a contribution or gift would violate its mission, threaten its charitable status, would be too difficult or too expensive to administer in relation to the gift's value, among other considerations. Decisions on whether to accept or refuse restrictions and the associated contribution or gift, shall be made by the senior management team, in consultation with the Gift Review Committee as needed. LOGI will also seek legal counsel in matters relating to acceptance of gifts when deemed appropriate.

DONOR ACKNOWLEDGEMENT

- LOGI shall provide appropriate donor acknowledgement in a manner that is agreed to by LOGI and its donor partner.
- LOGI shall not provide recognition that implies or requires endorsements of products, services, people or the like.
- LOGI will respect the intent of the donor relating to gifts for restricted purposes and those relating to the desire to remain anonymous. With respect to anonymous gifts, LOGI will restrict information about the donor to only staff members with a need to know.
- LOGI will not compensate, whether through commissions, finders' fees, or other means, any third party for directing a gift or a donor to it.
